MEMORANDUM FOR THE RECORD

SUBJECT: Meeting with the Senate Select Committee
on Intelligence to Discuss the Latter's
Investigation into CIA Activities [REDACTED]

25X1

1. On 30 June 1977 a meeting was held in Senator Inouye's office to discuss the SSCI's inquiry into past CIA activities [REDACTED]. Present at this meeting were Senators Inouye, Goldwater and Morgan. The Senate Select Committee Staff was represented by Messrs Miller, Eisenhower and Sanders. CIA was represented by Admiral Turner, DCI, Mr. Cary, OLC, Mr. Dirks, DDS&T and Mr. Shackley, ADDO. The thrust of this meeting focused primarily on an exchange of views as to why the Senate Select Committee on Intelligence thought that it had to pursue an investigation into allegations concerning CIA [REDACTED]. The essence of this dialogue was that the SSCI felt that if it were to maintain its credibility it could not accept at face value CIA's response to questions which had been put to it by the SSCI. In this context it should be noted that the Senators were referring to the Agency's [REDACTED] letter which dealt with the topic of CIA's activities [REDACTED]. In other words, while Senator Inouye thought that the [REDACTED] letter was a detailed response, he felt that this response had to be cross-checked by a SSCI investigation.
